

District Goals 2005

1. (CSIP) Students will show an annual improvement toward a proficient level on the district's assessment plan.
2. Test scores will improve by 3% over prior year averages on all mandated state and federal test. (Stanford 9 and MAP).
3. The district will continue to expand its technology equipment and software, as funds become available.
4. The district will expand book offerings at all media centers by 100 books per school.
5. The district will continually strive to upgrade the facilities and grounds at both campuses as need arises.
6. The district will continue to meet all criteria necessary for A+ accreditation.
7. The district will revise the district curriculum schedule to revise all curriculum guides to meet grade level expectations and NCLB.

Long Range Goals

1. (CSIP) Students will show an annual improvement toward a proficient level on the district's assessment plan.
2. (CSIP) The district will provide adequate facilities and grounds that are accessible and appropriate for all programs. (Immediate concerns; adequate bandroom space and expanded parking at both campuses).
3. (CSIP) The district will improve educational opportunities for all students by continually adding or expanding existing programs. (Both curricular and extra-curricular) Immediate action; reinstate Industrial Technology.
4. The district will improve and revise all K-12 curriculum guides on an on going bases to meet all state and federal mandates.
